[C] Up the street beside the [F] red neon light,
That's [C] where I met my baby one [G7] hot summer night.

[C] He was the tender and I [F] ordered a beer,
It's [C] been forty years and I'm [G7] still sitting here

[C] But you know the [F] sun's setting fast
And [C] just like they say nothing [G7] good ever lasts,
[C] Go on now and [F] kiss it goodbye but hold
[C] On to your lover cos your [G7] heart's bound to die.
[C] Go on now and [F] say goodbye to [C] our town, to [G7] our town.
[C] Can't you see the [F] sun setting down on [C] our town,
On [G7] our town, good-[C]-night. [G] [F] [G]

It's [C] here I had my babies and I [F] had my first kiss,
I've [C] walked down Main Street in the [G7] cold morning mist.
[C] Over there is where I [F] bought my first car,
I [C] rolled it over once, then it [G7] never went far.

[C] And I can see the [F] sun's setting fast
And [C] just like they say nothing [G7] good ever lasts
[C] Go on now and [F] kiss it goodbye but hold
[C] On to your lover cos your [G7] heart's bound to die.
[C] Go on now and [F] say goodbye to [C] our town, to [G7] our town,
[C] Can't you see the sun [F] setting down on [C] our town,
On [G7] our town, good-[C]-night. [G] [F] [G]

(slower) I C↓ sit on the porch and watch the F↓ lightning bugs fly but
I C↓ can't see too good, I've got G7↓ tears in my eye.
I'm C↓ leaving tomorrow but I F↓ don't wanna go,
I C↓ love you my town you'll always G7↓ live in my soul but.... **(normal tempo)**

[C] I can see the [F] sun setting fast and
[C] Just like they say nothing [G7] good ever lasts.
[C] Go on I gotta [F] kiss you goodbye but I [C] hold on to my lover
'Cos my [G7] heart's bound to die.
[C] Go on now and [F] say goodbye to [C] my town, to [G7] my town.
[C] I can see the [F] sun has gone down on [C] my town,
On [G7] my town, good-[C]-night [G] [F] [G]
